TECHNOLOGY CENTER R3700

Further to Information Disclosure Statement previously filed in the captioned matter, Applicant(s) list(s) documents that may be material to the examination of this application on the attached form PTO/SB/08A. Copies of each of the listed documents are enclosed with the mailed copy of this paper.

Pursuant to 37 C.F.R. §§1.97(c) and 1.97(e)(1), the undersigned hereby states that each item contained in this Information Disclosure Statement was cited in a communication received from the International Searching Authority in connection with a patent application corresponding to this matter not more than three months prior to the filing of this statement. A copy of the pertinent pages of the communication from the ISA/EP are enclosed.

The right to later set forth how the claimed invention is distinguished over the disclosure of any document or other art, including the disclosures of the art and documents referenced herein, and those that may be cited by the Examiner in rejecting a claim in the instant patent application is reserved.

The referenced documents are cited to ensure that the Examiner has the benefit of all the information of which the Applicants are aware which may be helpful to the U.S. Patent and Trademark Office in its examination of this application. The Examiner is requested to review the documents and determine the extent of materiality of the disclosures with respect to the present invention.
